The firm employs approximately 7,600 people worldwide. More information on Curtiss-Wright can be found on the Internet at www.curtisswright.com.

Certain statements made in this release and in the presentations, including statements about future revenue, future business opportunities, and cost saving initiatives and future cash flow from operations, are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements present management's expectations, beliefs, plans and objectives regarding future financial performance, and assumptions or judgments concerning such performance. Any discussions contained in this press release, except to the extent that they contain historical facts, are forward-looking and accordingly involve estimates, assumptions, judgments and uncertainties. Such forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those expressed or implied. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. Such risks and uncertainties include, but are not limited to: a reduction in anticipated orders; an economic downturn; changes in competitive marketplace and/or customer requirements; a change in government spending; an inability to perform customer contracts at anticipated cost levels; and other factors that generally affect the business of aerospace, defense contracting, electronics, marine, and industrial companies. Such factors are detailed in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2007 and subsequent reports filed with the Securities and Exchange Commission.
